Attempted Break-in – on White Oak Point Ct – On the night of Halloween, a homeowner reported that someone was kicking their front door. They got on their RING CAMERA and could see a white male kicking at their door.

Report from the homeowner in his own words:

"Hello All-

Just to make you aware that on 10/31 at exactly 11:23 PM a white male without a shirt attempted to break into our home. He kicked our front door multiple times and thankfully was unsuccessful. We did call the cops, but they came by over an hour after the incident. We completed the police report.

Unfortunately, our ring camera did not record it as I had forgotten to update my lost debit card. If anyone has any footage, I'd like to see."

The HOA Board was made aware of this via WOSHOABoard@gmail.com email.

THIS IS IMPORTANT, don't just do nothing. Please always report suspected activity and email the HOA Board the pictures and feedback so we can add a crime awareness report.
