

Dear Homeowners:

It has been brought to our attention that in May 2021, a home on White Oak Glen Dr had someone reportedly breaking into their house by hiding in the hedges in the front of the house to break thru a window.

The house has since completed the proper Architectural Committee Control form for front landscaping changes and were approved to remove the taller hedges so that a burglar can't hide behind the hedges and attempt to break into the house again.

This was reported to the police and to the HOA Board.

Don't hesitate to go on the website at www.whiteoaksspringshoa.com and send a request on the HOME page to the HOA Board (scroll to the bottom and fill out the fields and hit [Submit], or email the HOA Board at WOSHOABoard@gmail.com. The HOA Board will respond within 24-48 hours.

Regards,

Board of Directors
White Oak Springs HOA, Inc.
