

Weiser Airport Redevelopment Neighborhood Meeting Agenda •

September 26, 2019

Introductions

Purpose of the meeting : 1) to inform everyone of the City of Houston Planning Commission's decision to grant Trammel Crow's plans of building a warehouse distribution center on the property that was once Weiser Airport, with a mandatory variance of building a North-South road connection to the distribution center. 2) And to find out if any of you know anyone that could help us. 3) Put together a resolution stating our collective reasons for or against the North – South Roads.

Background

Desi McKinney called the Harris County Commissioner for Precinct 3, which is what we are as far as road maintenance goes, to find out if the roads are for sure going through. He acted like he didn't know anything about this and we have been in contact ever since.

Mr. Steve Radack is the Commissioner. Mr. Loyd Smith is the Assistant Director for road placement, and Mr. Brannan Hicks is the assistant to Mr. Smith. All three have been in contact with me and they have asked to have a meeting between the developer and two (2) representatives from each subdivision that surrounds the development. So tonight, we need to have people speak up to represent Hemwick Place and White Oak Springs. There are already 2 people from Village at Cypress and S. Kolbe Rd acreage subdivision who have agreed to represent their subdivisions.

Contact information for our county commissioner and his assistants:

Mr. Steve Radack , 713.274.3000

Mr. Loyd Smith, 713.274.3671 or loyd.smith@eng.hctx.net

Mr. Brannan Hicks, 713.274.3641 or brannan.hicks@eng.hctx.net

Contact info for Desi McKinney, 281.639.9679 or desimck@comcast.net
